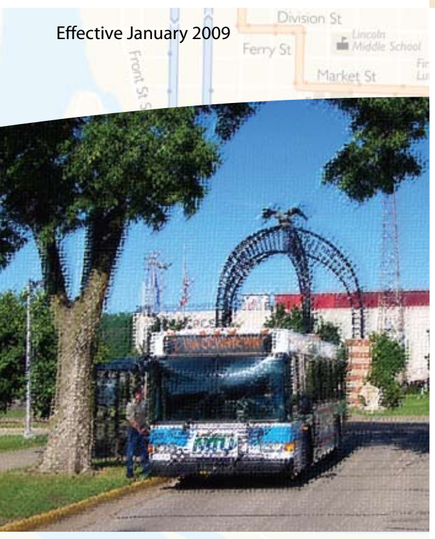
LACROSSE MTU
MUNICIPAL TRANSIT UTILITY

Effective January 2009



GRAND RIVER • GREAT CITY

The La Crosse MTU was designed for YOU.

MTU is a safe, convenient and economical transportation alternative. Our bus service covers almost the entire city of La Crosse. We can get you and your family members to work, doctor's appointments, recreational activities, school, and shopping. Parents can rest from many of their chauffeuring responsibilities. Our service is a reliable transportation alternative…even during winter weather. All of our buses are wheelchair accessible for the convenience of the disabled.

Using the timetables

The schedules below show approximate departure times from some of the bus stops along each route. These locations, called "timepoints" are indicated with lettered symbols (such as A) on both the map and on the schedule. Find the timepoint nearest your stop, and use that column of the schedule for your departure or arrival time. If your bus stop is between timepoints, you can estimate what time to catch the bus by locating the timepoints before and after your stop. Read schedule times across to the right to see when the bus will arrive at other timepoints. Get to your bus stop at least five minutes early. MTU cannot control traffic and road conditions, therefore times shown are approximate.
