RE: Temporary light outage

On Monday, April 6, 2020 select areas of pedestrian lighting will be turned off due to a private project at the corner of 7th Street and Farnam Street. The areas affected will be the East side of 7th Street, from Hood Street to South Avenue, and the North side of Farnam Street, from 5th Avenue to 8th Street. The outage will last a minimum of six months.

The west side of 7th Street and the south side of Farnam Street lights will remain on for safety.
