

# 2024 CITY OF LA CROSSE BIKE MAP

## Greenways

Greenways are quiet neighborhood streets with low volumes and speeds where bicyclist and pedestrian traffic is prioritized.

## Bike Lanes

Bike Lanes are protected or unprotected facilities set aside for bicycle traffic.

## Paved Trails

Paved trails are paved multi-use, two-way facilities completely separated from motor vehicle traffic.

## Natural Surface Trails

Natural surface trails can be used for recreational and transportation purposes. Natural trails are sometimes hiking only. Check specific trail maps for more detail.
