**The La Crosse MTU was designed for YOU.**

MTU is a safe, convenient and economical transportation alternative. Our bus service covers almost the entire city of La Crosse. We can get you and your family members to work, doctors appointments, recreational activities, school, and shopping. Parents can rest from many of their chauffeur responsibilities. Our service is a reliable transportation alternative.. even during winter weather. All of our buses are wheelchair accessible for the convenience of the disabled.

**Using the timetables**

The schedules below show approximate departure times from some of the bus stops along each route. Those stations, called "termini", are designated with a solid square (□) on both sides of the map and on the schedule. Find the terminus nearest your stop, and use that column of the schedule for your destination or arrival time. If your bus stop is between termini, you can determine where it is located by bus (see index on back of map and on the schedule). Get to your bus stop at least five minutes early. MTU cannot control traffic and road conditions, therefore times shown are approximate.

Plan your trip on Google Maps

MTU has partnered with Google to include our information on Google Maps. Google Trip Planner is now available on the City of La Crosse’ s website. You provide your trip origin, destination and travel time and Google Maps does the rest. The La Crosse MTU Trip Planner will provide travel options for the La Crosse MTU service area including transit routes and times. Simply go to www.cityoflacrosse.org/mtu to access the Google Trip Planner.

It is easy - from the La Crosse MTU home page at www.cityoflacrosse.org/mtu, simply enter the start and end address in the trip planner and Google Maps will display directions to and from the nearest bus stop, applicable route numbers including any transfers, trip time and fare information.

If you have no access to the Internet, please call the MTU office at 789-7350 no more than 15 minutes before scheduled pick-up time. The bus will not be able to wait.

To get dropped off at any of these locations, you must tell the bus driver or request upon request to detour off the regular route to drop you off.
