WisDOT Project ID: 5991-07-36
 City of La Crosse, Green Bay Street
 East Ave to 22nd St S
 La Crosse County

This form is to facilitate the public involvement for the City of La Crosse Green Bay St project. Due to the current COVID-19 pandemic, no in-person meeting is planned. Please see below for an overview regarding this project. The project team appreciates your participation and comments.

Project Description:

Knight Engineers and Architects, on behalf of the city of La Crosse, is preparing plans to reconstruct Green Bay St from East Ave to 22nd St S. The project is funded by the STP-Urban Program through WisDOT. The purpose of this project is to provide a safe and efficient transportation facility for all modes of traffic. This will be accomplished by addressing:

- Deteriorating pavement/curb & gutter
- Deteriorating utility infrastructure
- Inconsistent typical section

The existing road will be updated from a variable width to a consistent 38 feet wide (face-to-face of curb). Approximately 0.36 miles of Green Bay St will be reconstructed, from 60 feet west of the East Ave intersection to 50 feet east of the south leg of 22nd St S. Green Bay St will have a new asphalt roadway surface, curb & gutter, and concrete driveways. Storm sewer, sanitary sewer, and water utility upgrades will also be completed, including the replacement of manholes and catch basins. Existing sidewalk will remain in place.

Estimated Cost

Estimated construction cost for the project is \$500,000. (80% Federal grant, 20% Local match)

Proposed Traffic Impacts

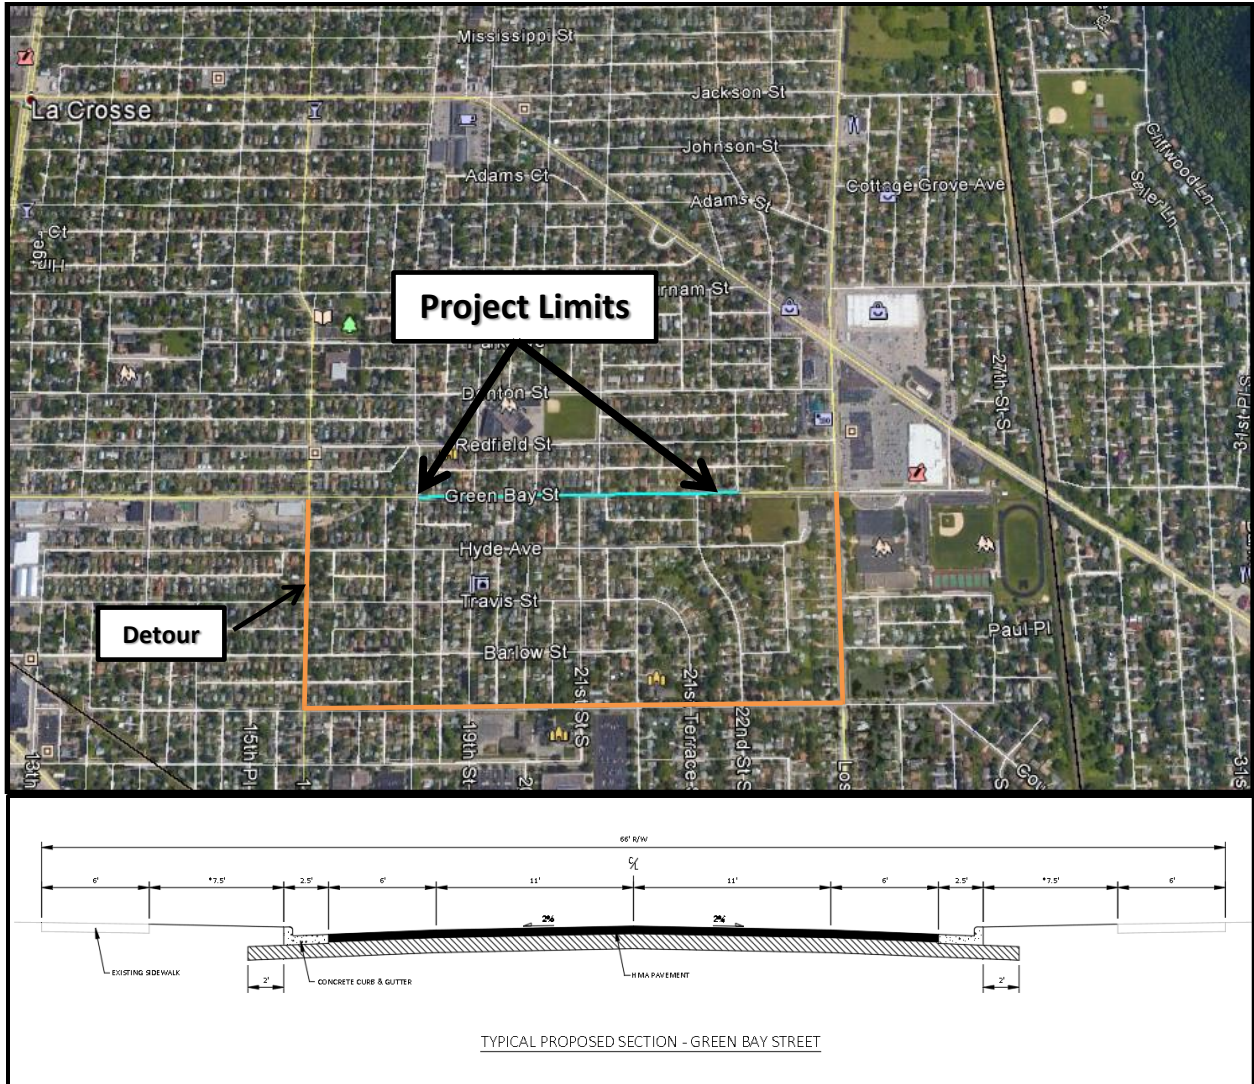

The project will be closed to thru traffic during construction but open to local traffic. A detour using local streets will be posted, using 16th Street, Weston Street, and Losey Blvd.

Real Estate

No right-of-way impacts or acquisition is anticipated to occur as part of this project.

Schedule

Preliminary design began.....October 2019
 Environmental Document.....May/June 2020
 60% Roadway Plan Submittal and Design Study Report.....August 2020
 Plans, Specifications and Estimate Submittal.....May 2021
 Letting.....Fall 2021
 Begin Construction.....Summer 2022

How to provide comments:

Please take the time to provide your thoughts on the project. You can submit any questions or comments to a member of the project team with the enclosed comment form or via e-mail (see addresses below) by **4 pm June 5th, 2020**. Project information, including map, will be on the City of La Crosse website:
