PARKING LOT PERMIT

Do I need a building permit?

Yes.

Data Requirements:

- Completed and signed Application for Building Permit.
- Two (2) sets of plans: A set includes a top or “plan view” looking down on your project and a side or “cutaway” view showing your proposed method of construction.
- Two (2) copies of a survey or accurate land drawing showing your existing structure and location of proposed parking lot.

How long does it take to get my permit?

Permits are reviewed on a first come, first serve basis. Inspectors are allowed 10 business days to complete. They may take longer depending on circumstances. For an additional cost you can EXPEDITE your application, moving it to the forefront.

How much does a permit cost?

Building Permit Fees can be found on the City website at this link: <https://www.cityoflacrosse.org/fire/fees/buildings>.

How close to my lot line can I build my parking lot?

The edge of the parking lot must stay at least 2 feet from the lot lines in the rear yard.

The property owner is responsible for correct placement of structures upon a parcel of land to comply with the building and zoning law. The back edge of the City sidewalk is usually located on a property line.

Be sure to call Digger’s Hotline prior to digging. The number is 1-800-242-8511.
